Andrew,

I wanted to let you know that the delegated officials at EPA have signed Amendment #1 to the RI/FS AOC. I have a call into the Regional Hearing Clerk to have the document filed and docketed. I am doing my best to get that done today, but it is possible that I will not connect with the Regional Hearing Clerk by COB today. If not, we may not get the Amendment docketed until early January, but I did want to let you know it has been signed by both parties. I will be out of the office after today until January 2nd. I am flying out to New York City tomorrow for 12 days, and then back to Colorado.

Hope you have a splendid holiday season.
Mark

Mark,

Attached please find Amendment #1 to the RI/FS AOC relating to the Work Plan Schedule Modification executed by Columbia Falls Aluminum Company, LLC. Please let me know if you have any questions or would like to discuss. Please send me a copy of the fully executed version of the Amendment.

Many thanks and best regards,

Andrew

Andrew,

Thank you for your quick response and for catching my error. I meant to attach the proposed table which accompanied Roux Associates Inc.'s October 23, 2017 letter to Mr. Cirian. Yes, please proceed with submitting the amendment to your client for signature with the correct table.

Mark,

Thank you for sending the proposed AOC amendment language and the draft table with your email below. We have no comment on the draft amendment language. However, we believe that the table attached to your email was the table from the original 2015 AOC. Attached is our proposed revised table showing the Candidate Technologies Memo being prepared after the Final Baseline Risk Assessment. If EPA finds this table acceptable, I will submit the amendment to my client for signature and we will attached this table to our signed version of the amendment that we will send to you.

Please contact me if you have any questions or would like to discuss.

Best regards,

Andrew

Andrew,

I am following up on your earlier email regarding the RI/FS AOC work plan schedule modification. I have prepared a formal AOC amendment for your review (attached), as required under the 2015 AOC. Please let me know if you have any requested changes. It needs to be signed by your client and lastly by the delegated EPA officials. Please let me know if you have any questions or concerns.

Thank you.

Mark
